SECRET

Dear Mr. Casey:

As you know, the Department places much importance and reliance on ITC to prepare our engineers for assignment to posts worldwide. With the establishment of the Diplomatic Security Service and a renewed focus on technical security, we anticipate an even greater need for training, including advanced programs to support our needs in high threat areas. At the present time, we are evaluating our training requirements and will coordinate with your people in developing curricula and planning trainee schedules.

With regard to your memorandum of 16 November 1985, we are actively recruiting instructors from among our most experienced engineers and anticipate filling at least one position during the summer of 1986.

Sincerely yours,

  
George S. Vest  
Acting

The Honorable  
William J. Casey,  
Director,  
Central Intelligence Agency.
